ONE WAY DROP OFF AND DELIVERY FEES:

Vehicles can be collected and dropped off in most areas in Southern Africa for additional charge. It is recommended to use the official depots wherever possible.

Risk of remote handovers – clients should be aware that there are very limited facilities in most smaller towns in Southern Africa and no option to replace or repair specialized equipment. This may affect service delivery, albeit only on exception, we still recommend using our standard depots wherever possible.

See delivery and collection fees for accurate rates.

DEPO SURCHARGES IF APPLICABLE:

Please view the delivery rates for all surcharges, one way drop-off and delivery fees.

USAGE:

1. The Hirer acknowledges that he/she is aware of the purpose for which the vehicle was designed, as well as all safety and maintenance procedures. The Hirer is responsible for looking after and maintain the vehicle during use and returning the vehicle in good order, fair wear and tear accepted.
2. In the event of the vehicle or any of its belongings being lost or damaged during the rental period, the Hirer shall be liable to cover the cost of replacement or repair and to make good on any shortages or damages to the vehicle. Insurance cover is included and will cover loss or damage due to theft and collision damages but not lost items or damages due to gross carelessness or negligence.
3. Cross border travel – written authorization is required for any travel outside of South Africa.
4. Checking the vehicle and signing the contract – it is recommended that the hirer should check the vehicle thoroughly on handover to ensure the vehicle meets with their requirements and it is always beneficial to re-check items like wheel changing tools and tyre condition. On signing the contract, the Hirer signs acceptance of the vehicle and equipment.

5. The Hirer is in control of the vehicle and is responsible for reporting any problems or avoiding any driving obstacles they are not comfortable to navigate, or which may put the vehicle at risk. Additional care should be taken in remote areas where recoveries and repairs are more difficult to effect. These areas carry higher risk, and the hirer assumes this risk when entering these areas. The Hirer should be pro-active prior to entering these areas, do general checks on the vehicle and any noises, new rattles or possible fluid leaks investigated before heading into remote areas.

REPAIRS AND MECHANICAL FAILURES:

1. Any mechanical repair or replacement related to fair wear and tear is covered by Bushlore. Repairs up to the value of **ZAR 4,000** can be effected without prior authorization. On higher amounts prior authorization is required from Bushlore. Due to the vastness of the areas where vehicles are mobile the hirer is responsible to get the vehicle to the nearest workshop. Where not mobile the vehicle should be towed to the nearest workshop for diagnosis.
2. Wherever possible please contact Bushlore head office (Johannesburg) if you pick up a technical issue. We must be aware of the problem to try and find a solution. You are, however, able to take the vehicle to any workshop and the costs will be refunded. If there are more serious technical issues it is imperative to contact Bushlore before continuing.
3. In most cases vehicles are still covered under the new vehicle manufacturer's warranty and their warranty conditions will apply where mechanical failures occur. It is important to remember that Bushlore is not the manufacturer of the vehicle, or equipment but will do its utmost to select and offer the best and most recommended vehicles and equipment as well as ensure the vehicles are fully maintained and checked prior to departure.
4. Where serious mechanical failures occur due to standard wear and tear and which cannot be repaired timeously, a replacement vehicle will be supplied within 24 hours of diagnosis. This relates to the countries of South Africa, Botswana, Namibia, Zimbabwe, Southern Mozambique and Southern Zambia. In countries further North replacement time is within 72 hours.
5. Inconvenience and time loss are not covered for mechanical failures which cannot be anticipated and were not apparent at the start of the rental.
6. Towing is covered for the countries of South Africa, Botswana, Namibia, Zimbabwe, Southern Mozambique and Southern Zambia. Further North towing is covered by the Hirer.
7. Roadside assistance: This is for technical issues which may lead to breakdowns. Bushlore has a network of offices in Southern Africa to provide support for our clients while on the road. A folder is supplied with information on the vehicle and several contact numbers are provided. In the case of vehicle or equipment issues, clients can reach out to the numbers provided and we will assist with any problem telephonically, by WhatsApp or email. It should be noted that due to the vastness of the Southern African region and the unknown logistics we may not be able to provide immediate recoveries or technicians to all areas, but we will use local resources and do our best to ensure speedy repair or recovery.

TOWING AND RECOVERIES:

1. Assistance for vehicles stuck in sand, mud or on very poor roads is for the Hirers account and does not fall under insurance or mechanical repairs. The Hirer should contact Bushlore, and we would assist as far as we can on an advisory level and if we fail to get the vehicle mobile we can arrange to send a recovery team or outside supplier but the costs are for the account of the Hirer. The hirer is in control of the vehicle and should avoid any obstacle

or crossing where they are not comfortable to proceed. Bushlore will provide instruction on the 4wd system at handover as well as use of the high lift jack or winch for recoveries, but heavy mud should always be avoided and water crossing walked before you cross with a vehicle. When travelling alone one should always be more cautious.

2. Bushlore covers towing and recoveries for all normal fair wear and tear related mechanical failures. Exceptions where technical failures are not deemed fair wear and tear could be breakdowns due to incorrect or contaminated fuel. Clutch failures. Failures due to water ingestion. Driving offroad leads to under carriage or component damage. Any impact related failure is not deemed fair wear and tear and falls to insurance cover. The terms in handling mechanical failures are all in line with the vehicle manufacturers warranty terms and conditions.
3. In the case of collision damages towing may be covered depending on insurance level and in which country the accident happens. See further details under insurance.

VEHICLE MAINTENANCE REQUIREMENTS:

1. The vehicles are all fully serviced and maintained as per manufacturers' requirements and Bushlore has introduced additional maintenance and quality checks which are completed on all vehicles.
2. The hirer is responsible for maintaining the vehicle during the rental period. This would include the standard check of tyre pressures, wheel alignment, if necessary, oil and coolant levels and to be aware of any symptoms which may arise during the rental period. In addition, should the vehicle reach 10,000 kilometers during the rental period, the Hirer is required to service the vehicle at their expense (if not under maintenance plan) at a suitable workshop preferably associated with the vehicle manufacturer.
3. All Toyota Hilux vehicles are under maintenance plan and can be serviced by the dealer network in the countries of South Africa, Botswana and Namibia. The hirer will benefit by using Toyota service centers in these countries as all service costs are covered. The 10,000 km service charges outside of these countries are for the hirer's account and any other repairs related to standard wear and tear on the vehicle will be covered by Bushlore but must be authorized in advance if they exceed ZAR 3,000.
4. Should the Hirer become aware of a potential problem with the vehicle it is their responsibility to contact Bushlore and or have it checked at the nearest workshop before proceeding further or driving in to remote areas.

EQUIPMENT AND ACCESSORIES:

1. Bushlore do not manufacture the equipment and accessories but will make every effort to ensure equipment or accessories fitted or provided are of good quality. We cannot warrant or guarantee their performance or reliability.
2. In the event of equipment issues or failures the hirer can repair or replace equipment at the cost of Bushlore. Where the amount exceeds **ZAR 3,000** prior authorization should be obtained. In the case of larger and more specialized items like the fridges and roof tents where these are not usable and are not able to be replaced the relevant item will be refunded from when it is reported faulty, so long as the failure is due to fair wear and tear and not usage related or due to impact.
3. No tent is completely Mosquito proof so other precautions should be taken in Malaria areas. Zips which fail during the rental will not deem a tent unusable or validate the swap out of a tent unless otherwise agreed by Bushlore.

4. Specialized equipment and equipment request not within our standard vehicle configurations cannot be guaranteed in the offices outside of Windhoek and Johannesburg. In the event that we cannot provide certain equipment it is not deemed a breach of contract. The specific items we are unable to supply will be refunded.

COLLISION DAMAGES AND ACCIDENTS:

1. All accidents should be reported to the local police within 24 hours. This is essential whenever there is a 3rd party involved or where there is more significant damage.
2. Where collision damages render a vehicle unusable, a replacement vehicle can be supplied by Bushlore if available, but all costs are for the expense of the Hirer. Insurance does not cover the costs of a replacement vehicle.
3. The hirer is responsible for the return of the damaged vehicle to the closest office and the refund of these costs will be dependent on what level of insurance is selected.
4. No refund will be given for lost days due to collision damage. This is limited to a maximum of 21 days from the date of the incident so on longer rentals the loss is limited.
5. Should the Hirer continue with a new replacement vehicle then a new rental contract and insurance conditions will apply.
6. An administration fee of **ZAR 550** is levied for the processing of any accident claims.
7. The exact insurance conditions and area of liability will also depend on the level of insurance selected.
8. Single vehicle accidents: these are accidents where there is no 3rd party involved and are then deemed to be caused by the driver's negligence or error. These are covered by insurance if there was no gross negligence involved but the excess would be lost for all insurance cover options. Please also note the additional excesses for single vehicle rollover and collisions with animals at night in the insurance exclusions below.
9. Consequential damages are excluded from insurance cover. As an example, should a radiator be damaged by a collision and the hirer continues to drive until an engine is damaged from overheating, the engine damage is the liability of the hirer and will not be covered by insurance.

INSURANCE AND COLLISION DAMAGE WAIVERS:

1. Standard Insurance cover, which is comprehensive insurance, is included on all vehicles and in all rates quoted. This is not full insurance cover, and an excess is applicable. The value of the excess is ZAR30000.00 (thirty thousand rands only). The excess is payable for any damage or loss to the vehicle or equipment whatsoever and irrespective of the cause of damage.
2. Insurance cover is valid in the following countries: South Africa, Botswana, Namibia, Zambia, Zimbabwe, Mozambique, Tanzania, Swaziland, Lesotho and Malawi. Special permission is required for any other countries in Sub Saharan Africa.
3. Third party cover: the standard insurance cover includes third party cover for South Africa, Namibia, Botswana, Swaziland and Lesotho only. The standard excess also applies to damages to a third - party vehicle or property in the case the Hirer admits liability for the accident. Third party cover for any other country must be purchased at the port of entry.
4. Additional insurance cover is available at additional cost which offers reduced excess options for both collision and theft damages. The cost of the collision damage waiver (CDW1 and CDW2) will vary depending on the vehicle category and time period.
5. All vehicles have a maximum wading depth in water of 700mm. If the vehicle exceeds this depth there is no insurance cover for any related damage.

Speeding, driving under the influence, driving offroad where there is no recognized track or public road, standing on the vehicles body work, cigarette burns or similar internal damages.

12. Insurance covers the direct cost of replacement of vehicle or equipment only. In the case of tyres and windscreen it covers the cost of the equal replacement of tyre or windscreen but no delivery costs, loss of time or any other consequential expenses are covered.
13. Any insurance-related costs to be claimed exceeding **ZAR 4,000** must be authorized by Bushlore in advance.
14. Tyre damages are limited to two new tyres per 30-day rental unless otherwise agreed by Bushlore. Tyre damage caused by running tyres deflated are not covered by insurance. When lowering tyre pressures to below 1.8 bar, this should only be done for short term use in thick sand and at slow speeds. For any longer distance or higher speed, tyres should be inflated to higher pressures.

Additional cleaning fee:

1. The standard cleaning fee as quoted will cover any normal exterior and interior wash along with cleaning equipment which is not excessively dirty. For vehicles coated in mud or wet tar and where radiators or other components are compromised and deep cleaning is required, a charge of **ZAR 2,500** will be levied. If permanent damage is done or it leads to mechanical failures, additional costs may be due. An additional **ZAR 2,500** cleaning levy may also be charged when vehicles return with foul smelling interiors that cannot be cleaned through our normal procedures. This would typically apply where fish oils, animal or dairy products have contaminated upholstery.
2. Toilets must be returned as received or a cleaning charge of **ZAR 1,000** will be levied.
3. Abnormally dirty kitchen equipment or bedding will be charged at **ZAR 500** additional. If an item is damaged or contaminated beyond recovery the replacement value will be charged.

ROAD RESTRICTIONS :

1. The Bushlore 4wd vehicles are allowed on all bitumen/tar and gravel roads as well as all recognized public 4x4 tracks in South Africa, Botswana, Namibia, Lesotho, Zimbabwe, Zambia, Mozambique, Tanzania, Kenya, Swaziland, Malawi. Special permission is required for any other countries in Sub Saharan Africa.
2. The Hirer assumes all risk when travelling on very bad roads or in extremely remote areas. This may cause further delays in recovering the vehicle or offering a replacement vehicle. Roads like Van Zyl's pass in Namibia or Death Acre in Angola should be avoided and if we are not able to recover the vehicle due to inaccessibility, the hirer will be responsible for the delays and the rental period extended until the vehicle returned. Cautious driving is essential in any remote area and on any poor roads.
3. If we do not have access to an area, for instance on the desert tours in Namibia then the hirer is responsible for the salvaging of the vehicle to an area where we have access.
4. Insurance cover on vehicles only applies where used on a recognized road or track.

DESERT TOURS IN NAMIBIA :

We do allow our vehicles to take part in these tours but under the following conditions:

- The tours must be professionally guided.
- Driving up dunes and where there is no recognized 4wd track is at your own risk. Insurance does not cover any damage where the vehicle is used 'off-road' or where there is no recognized track or road.

- These are areas with restricted access, and it is the hirer's responsibility to recover the vehicle to an area where we can access the vehicle. This applies to any mechanical or collision related incident. Any costs or delays to recover vehicles from these areas are for the hirers account.

CROSS BORDER SURCHARGES :

1. A once off cross-border surcharge is applicable when leaving South African borders. This is a once off charge irrespective of how many borders are crossed. See the applicable fees below.
2. An R800.00 fee is applicable for the countries of Botswana, Namibia, Zimbabwe, Zambia, and Southern Mozambique (South of the Zambesi River). If the vehicles are collected in a neighboring country and no borders are crossed, then the cross-border fee is not applicable but only the delivery surcharges as listed previously. As an example, if the vehicle is collected and dropped off in Namibia and no borders are crossed then no cross-border fee is applicable.
3. A **ZAR 3,000** fee is applicable for travelling to the countries of Northern Mozambique (North of Beira/ the Zambesi River), Malawi, Tanzania, Uganda and Kenya.
4. No surcharge applicable for Swaziland and Lesotho.
5. The cross-border surcharge does NOT include any custom charges which are paid directly to customs at the relevant border or port of entry.

EQUIPMENT OR OTHER EXTRAS :

1. Additional equipment is available through Bushlore as non-standard vehicle equipment and in addition to the vehicle rental. This includes electronic equipment like GPS, a winch and satellite phones. Bushlore may use outside suppliers for this equipment and cannot guarantee the accuracy or reliability of this equipment. This equipment should be checked by the hirer on handover to ensure functional and should the equipment fail during the hire period it should be reported to Bushlore as soon as possible. We cannot guarantee replacement or repair, and this will not constitute a breach of contract or affect the vehicle rental agreement. Bushlore will endeavor to refund the rental of such equipment from the date reported faulty or authorize replacement at the nearest town where this is feasible. Equipment will be tested by the supplier or manufacturer to establish a reason for failure and grounds for a refund.

CROSS BORDER DOCUMENTS:

1. If crossing borders, the hirer should provide Bushlore with the countries they intend to travel to in advance.
2. Bushlore will provide a letter of permission to use the vehicle in the relevant countries along with a copy of the registration papers as well as a bank letter of authorization where the vehicles may be financed.
3. Carnet De Passage: This is a document which may be required for travelling to certain countries in Africa. Currently countries from Kenya and north require this document and a large deposit is required to be left at the source country. The deposit required is not under Bushlore control and may vary so an estimate will be provided at the time of booking. Any variance in the deposit requested by the AA will not be a breach of contract from Bushlore and the cancelation terms will still apply in the case a Hirer wishes to cancel the booking.
4. Police clearance: Zambia previously requested a manual police clearance done in the vehicle source country, but this may not always be possible as we own vehicles registered in multiple countries. As Zambia are now on an electronic system with access to Interpol the police clearance should no longer be a requirement.

CHANGE OF VEHICLE OR CAMPER:

1. If for reasons beyond our control, the reserved vehicle is not available, Bushlore reserves the right to substitute the vehicle with another vehicle in the same category or in a higher category. This shall not constitute a breach of contract or entitle the hirer to a refund.
2. Variance in vehicle equipment – Bushlore cannot guarantee that all equipment will be the same as the spec as there are constant changes made by suppliers. We do, however, expect that the equipment provided will comply with the specifications. We will at times have no option but to change brands in the interest of reliability or for availability issues.
3. Auto and manual vehicles – where an automatic vehicle is booked, we will always supply an automatic transmission, but we reserve the right to upgrade a manual vehicle booked to an automatic on all and any model.

VEHICLE AGE:

1. The standard Bushlore policy is to only keep vehicles for 3 years of age.

CANCELATIONS (standard terms) :

In the event of a rental having to be cancelled, the following refund rates are applicable.

60 days or more notice : deposit (usually 20% of total rental where applicable) refunded less 20% handling fee

30 – 60 days : 20% cancellation fee. If total rental has been paid the balance less the 20% will be refunded.

Less than 30 days notice : Full rental due. 90% cancellation fee

On rentals involving 3 or more vehicles different cancellation terms may apply but this will be indicated on the quotation.

Rentals cancelled within 48 hours of booking will not be subject to cancellation fees.

EXCHANGE RATE VARIANCES:

In the event that we are charging or refunding monies to international cards for either rental payments, cancellations or the refund of the insurance excess, we have no control over exchange rate variances which are controlled by the card holder's bank. Bushlore takes no responsibility for any shortfalls due to changing exchange rates. All refunds will be calculated and processed in ZAR, or the equivalent NAD accept in Botswana where charges and refunds are done in Botswana Pula at the prevailing exchange rate on the day.

GENERAL :

The hirer is fully responsible for any damage or related costs to the Bushlore vehicle or third party if:

- * The terms of the rental contract are breached.
- * Damage to the vehicle or equipment is caused by gross negligence or reckless driving.
- * Driving more than the speed limit.
- * Driving under the influence of drugs or alcohol or in any way that contravenes the prevailing law.
- * Water submersion or salt-water damage.
- * If the vehicle is abandoned and no contact is made by the Hirer to Bushlore.
- * Driving on restricted or closed roads.

* Driving on dunes or offroad where no track is obvious.

*Driving to remote areas or high-risk countries which lead to delays in the return of the vehicle. In cases where vehicles are delayed the rental is extended until safe return.

*If a vehicle is impounded or confiscated for illegal use the rental period is extended until returned.
